Bi-weekly report

For the past two weeks here at The Mayor's Office of Community Relations and Services, I have helped to put in Constituent Forms in the data base. They were given to me by several wards. They had numerous amounts of problems in each ward. In some cases I had to return phone calls. I also returned phone calls for Ward 5's Alice Thompson.

I also went out with Ward 7's Emmanuel Bellegarde, and his two interns. I attended some meetings with Mr. Bellegarde. We drove around, and took pictures of a few problem areas. In the process we ran into a citizen inquiring about bushes, and some illegal dumping. He wanted addressed immediately. We took pictures of the vacant lot, that he was talking about, and gave him a card, and our word that it would be taken care of ASAP. The citizen was very pleased with our work, and took a picture with us.

I also attended another Mayor's Meeting with the other interns. It was my first conference call. The MOCRS, kept on as if he was there telling them as usual about the work they have completed or finished in the past week. This was a new and enlightened experience. From this meeting, I attended two other meetings with all the other EOM interns in the Wilson building.

I also went to the food bank with Ms. Erica Carter, and the other interns. This was very fun and humbling. Not only was it helping other people, but it helped us as a group. We experienced many problems, but over came them all.
